# Agenda

- Review of Android Assignment
- Kotlin Bootcamp for Beginners
- Build your first Android App with Kotlin

# Android Assignment

- Your answers for the different research questions

# Kotlin Bootcamp for Beginners

- Use <https://play.kotlinlang.org/> instead of IntelliJ IDEA
- Lesson 2 - <https://codelabs.developers.google.com/codelabs/kotlin-bootcamp-basics/#0>
- Lesson 4 - <https://codelabs.developers.google.com/codelabs/kotlin-bootcamp-classes/#0>

# Build your first Android App with Kotlin

- Let's go through this one together
- <https://codelabs.developers.google.com/codelabs/build-your-first-android-app-kotlin/#0>

# Discussion of Firebase Services

- <https://firebase.google.com/>
- Split up and choose one of the services
- Take a look at it, and then see if you can walk the group through what it does and why it's important
- Tip! You can start with the video
